May 19, 2025

Mayor, Councilors and citizens of Franklin,

This attached document is the City Manager's FY 2026 budget proposal.

This budget does meet the City's Charter §C-32 requirement of a limitation of budget increases.

As you are aware this budget process is unlike most. As your Acting City Manager for the last couple of months, we have had to push aside the 'normal budget timetable' in order to allow me more time to get my bearings and then for Director Cote and the department heads to gather their needs and figures. Director Cote and I have spent the past week reviewing all of the departmental requests and making adjustments to fit within the Charter's limitation.

The department requests were \$1,030,413.82 over the amount to be raised so we made a wide number of reductions.

As I stated in the visioning meeting of March 30, 2025, the 'needs' of this community are greater than our means so that challenge will take much discussion and fortitude to find a way to a more realistic alignment of the city's staffing, capital funding, revenues and our community's expectations.

As for staffing, this proposal defunds one open FT position (Police Detective), creates one new PT position (Human Resources) and reclassifies a Building & Grounds custodian's position. Then seven newly requested positions were all not funded.

The proposed budget includes a 2% cost of living adjustment (COLA) and the availability of step increases for all eligible employees.

The shakeup in the State's health insurance pools has required a last-minute search for a new benefit provider effective 07/01/2025 as our current provider NHIT is closing. Director Cote spent a large amount of time on this and was able to secure a new provider, Anthem through Melcher Prescott with the same coverage and a 1% decrease in premiums from last year's pricing.

As for capital purchases with no debt retiring in this year's budget, our goal was to make sure that we didn't allow debt to erode. This year we are suggesting to purchase a 5-ton roller outright, and then making payments on a landscape-bodied truck and a 6-wheel dump truck/plow for the Water/Sewer funds. This does not meet the current needs but it was the best that we could do.

Other major changes include a reduction to many of the outside health agencies requests this year and the budget does include the first-year contract pricing for the Casella curbside collection contract.

The departments when they present their budget will have included a packet to you a few days before the scheduled meeting with updated statical data for your review.

Upcoming Meetings:

June 3 rd	Budget – School	6pm @ FHS Cafeteria
June 4 th	Budget – Admin & Smalls	6pm @ Bessie Rowell Gym
June 9 th	Budget – MSD, Water & Sewer	6pm @ Library
June 11 th	Budget – Police & Fire	6pm @ Library
June 16 th	Budget – Leftovers/Finish Up	6pm @ Library

Thank you for your patience and I look forward to the weeks ahead as we discuss the fiscal year 2026 budget.

Respectfully,

Scott R. Clarenbach
Acting City Manager
City of Franklin
